“Christianity in the 21st century has settled into a “comfort zone” of complacency, apathy, and indifference. It is assumed that revival is a thing of the past and so we are content to simply read the history of revival. The **Prayer Encounter** is designed to move Christians out of that comfort zone to a place where they can become a part of writing another chapter in the history of revival. Together, let’s prepare in prayer for another Great Awakening to occur in our generation.” -Tom Palmer
